

FinBin Cube

Economical waste collection has
never looked this good

Cube Series

Stylish & economical

Here comes the new performer in the FinBin product family

FinBin Cube waste containers boast a reliable and leak-proof design that is at home in aesthetically and technically demanding environments. Compatible with most front loader standards, Cube has no breaking components and its robust double structure guarantees leak proof performance. The easy to open lids can be equipped with locks and dedicated panels for different waste grades.

Available in 3 m³ and 5 m³ sizes, Cube shares its design cues with Bin Shelter, another of L&T's innovations for better usability and enhanced appearance. And thanks to its rectangular shape, Cube excels where you need maximum space efficiency.

Cube 5

Cube 3

For waste management companies, Cube means

- Better cost efficiency
- Fewer and faster visits
- Low maintenance
- No leak risks

For architects and designers, Cube stands for

- Visually pleasing environments
- Architectural integration
- Adaptability with removable panelling
- Small footprint in relation to capacity

For house managers, housing companies and house owners Cube is

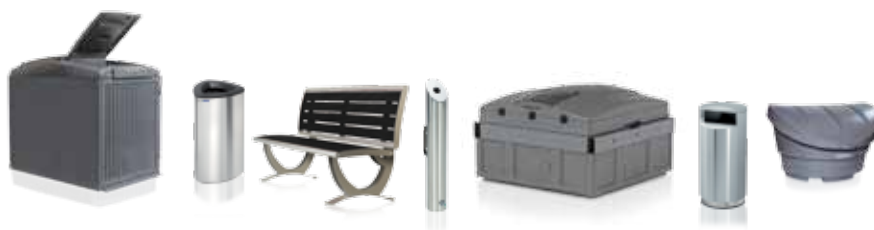

- Economical to use
- Long emptying intervals
- Tidy and good looking without an expensive shed
- Easy to use for sorting & recycling
- Odourless
